

MEMORANDUM FOR: Mr. Casey

General Walters' assistant called today to pass a message from General Walters who is now in Africa. He has been asked to go directly from Africa to Sri Lanka and India; as a result, he will not be back in time to do the Agency Guest Speaker Program on 14 December. He is terribly disappointed but the matter is out of his hands. He wanted to be sure you received this message personally.

Office of Training has been advised by General Walters' assistant and they will work out another date early in the new year.
